

“Data, data everywhere:
be careful how you ‘drink’!”

Professor Wende Mix kicks off our Fall Speakers Series
for the *Professional Science Master’s (PSM) Programs*

When: Thursday, September 13th at 12:15-1:15PM

Where: Technology Building 160

What: Fun, clear ideas for how to access & use free Data
for ANY major, ANY project, ANY business!

Federal, state, and local governments track and share an abundance of “truly” open data with businesses, political advocacy groups, the news media, and concerned citizens. *Come and see how mapping open data informs on best uses of the data.* Examples provided use the City of Buffalo’s open data web site.
